## Foreword

Greetings,

On behalf of the Ministry of Culture and Fine Arts, it is with great pleasure that we welcome Cambodian and international filmmakers to the 14th Cambodia International Film Festival.

CIFF remains a cornerstone of Cambodia's cultural and creative landscape, bringing together filmmakers, artists, and audiences from around the world. Recognizing the profound impact of cinema in both cultural and economic spheres, the Royal Government of Cambodia prioritizes the enhancement of national and international film production within the country.

This year's edition presents a special program: "1975–2025: From Darkness to Light in Cambodia's Story," reflecting on Cambodia's resilience and transformation through cinema. Women's stories will also take center stage, celebrating the life experience of women from around the world. Additionally, "Water of Life" highlights the essential relationship between humanity and water, a theme deeply rooted in Cambodian heritage.

Beyond showcasing Cambodia's cinematic talents, CIFF is a key platform for nurturing new generations of filmmakers, promoting cultural exchange, and fostering education through cinema.

We extend our sincere appreciation to all filmmakers, organizers, partners, and volunteers whose dedication continues to shape CIFF as a leading force for creativity. With confidence, we anticipate another inspiring edition, sharing powerful stories that connect Cambodia with the world.

Warm regards,

Dr. Phoeurng Sackona  
Minister of Culture and Fine Arts
